

GLASSES TO GO

Helping You Achieve Your Vision – One Pair of Glasses at a Time

Helping people has been my passion for as long as I can remember.

When I became an optician, I was thrilled to discover that I could combine my two passions into one and decided to start my mobile eyewear business. For over 30 years, I have devoted myself to bringing the gift of sight to my community and beyond. Over the years, I have expanded my business to reach as many people as possible, and am thrilled to now be the leading mobile eyewear company in Canada.

Glasses to Go is a mobile eyeglass company that comes to you directly. We are responsive to the needs of our patients, and understand the unique needs of busy professionals, stay-at-home parents, and seniors living in long term care facilities. At Glasses to Go, we aim to create a warm and welcoming atmosphere, where our patients feel safe and comfortable. We care about our patients, and strive to connect with them on a personal level. You are properly fitted by me, our trained optician, in order to guarantee an exceptional experience.

My patients' happiness is of the utmost importance to me, and I work tirelessly to find the right pair of glasses to suit their style and lifestyle needs. I pride myself on my attention to detail, and ensure exceptional quality in every pair of eyewear sold by Glasses to Go. With our immense range of curated styles and price points, our patients are sure to find just the right pair for them. As our patient, you're not just a number attached to a file. You matter and we appreciate you and your business.

If you or your loved one are in the market for new eyewear, I would be delighted to help you find just the right frame.
